The American College of Occupational and Environmental Medicine invites you to attend...

The Occ Doc Interface: Where Primary Care Meets the Workplace

THIS PROGRAM QUALIFIES FOR 2 CME CREDITS

Sunday, April 29, 2012  10:30am - 1:15pm
Hyatt Regency Century Plaza, Los Angeles, CA
Fee: $45.00 (Box lunch included)

Do you see patients with illness and injuries acquired in the workplace?

The American College of Occupational and Environmental Medicine (ACOEM) is pleased to offer a special educational session at the American Occupational Health Conference (AOHC).

This program will shine the spotlight on occupational medicine for clinicians practicing family medicine, internal medicine, urgent care, emergency medicine; as well as nurse practitioners, physician assistants and other health professionals who are not formally trained in occupational and environmental medicine.

Learn Practical Skills in Occupational Medicine:

- What information to consider when evaluating work related injuries and how to determine and communicate appropriate work restrictions.
- What to do when your patient asks you to complete a Commercial Driver Licensure form.
- How to handle a patient’s request for time off work.
- Evaluating RISK by understanding your patient’s Essential Job Functions.
- How you can supplement your practice by providing profitable Occ Med Services!

Be armed and ready to confidently understand and evaluate occupational issues!

Want to learn more?

Attend the American Occupational Health Conference (AOHC) and earn up to 25.5 AMA PRA Category 1 Credits™! Application for credit has been submitted to the American Academy of Family Physicians. Registration is available for one day, two days or all 4 days.

Visit www.acoem.org to learn more about AOHC and download the conference program.
AGENDA

Overview and Key Issues of Occupational Medicine

Case Studies, Presentation and Discussion of Each

Musculoskeletal Case
- Employee perspective of injury, work restrictions, off work
- Employer perspective of injury, work restrictions, off work
- Insurance provider perspective of injury, work restrictions, off work

Complex Department of Transportation Case (e.g. Hypertension, Diabetes and Heart Disease)
